

## HEREFORD ALLOTMENT AND LEISURE GARDENERS

### SUMMER JUDGING CRITERIA (size of plot is not a factor in the competition)

**Produce Groups – judged for variety, successional sowing and quality (quantity of items not judged)**

Brassicas  
Peas and beans  
Onion family  
Potatoes and tomatoes  
Roots  
Hard and soft fruit  
Salad crops  
Herbs  
New/novel varieties  
Other – any produce not included in above groups

**Condition and appearance of plot** – How has plot holder adapted their plot to suit their needs. Plot should be productive in accordance with allotment contract, weed free, pest free, well maintained and tidy. Plots should be edged and adjoining paths should be well-kept. Use of chemical pesticides is discouraged.

**Sustainability** – good use of compost bins appropriate to size of plot. Use of companion planting to reduce damage by pests. Methods introduced to encourage pollinators and wildlife, eg bird boxes, (not bird feeders), bug hotels. Use of recycled materials where practicable.

**Water collection** – water should be collected from site structures into containers of an adequate size to water the plot.

**Structures** – sheds, greenhouses, polytunnels and cold frames etc should be clean, secure and well maintained. Guttering should be free flowing.
